

2nd announcement

6th Trends in Medical Mycology

11 – 14 October 2013

Tivoli Hotel & Congress Center
Copenhagen, Denmark

Important dates

15 April 2013	early registration fee deadline
1 June 2013	abstract deadline
1 July 2013	confirmation of abstract acceptance
1 August 2013	late breaking abstracts deadline*
9 September 2013	regular registration fee deadline

*for information on late breaking abstract requirements see www.timm2013.org

See the congress website for the latest information:

www.TIMM2013.org

Trends in Medical Mycology is the bi-annual joint meeting of the Infectious Disease Group of the European Organisation for Research and Treatment of Cancer (EORTC) and European Confederation of Medical Mycology (ECMM)

TIMM-6 is supported with unrestricted grants by the following major sponsors:

Introduction

Dear Friends and Colleagues,

It is a great pleasure for us to invite you to attend the 6th Congress on Trends in Medical Mycology (TIMM-6), which will be held at the brand new Tivoli Congress Centre in Copenhagen, Denmark, 11- 14 October 2013. TIMM-6 is the 6th in the series of TIMM mycological international meetings organised jointly by the European Confederation of Medical Mycology (ECMM) and the Infectious Diseases Group of the European Organisation for Research and Treatment of Cancer (IDG-EORTC). TIMM has become an important and essential meeting in the field of fungal infections, a forum in which researchers from all over the world present the most important advances and research findings in mycology from basic science to clinical research. It is thus a unique opportunity to get updated on the most recent results and opinions on medical practice.

The outstanding scientific programme will include plenary sessions on fungal infections in all aspects of immunocompromised hosts chaired by an internationally renowned faculty, round table sessions, and meet-the-expert sessions. The poster session will encourage one-to-one discussions between faculty, presenters and delegates. The meeting is designed for infectious disease specialists, haematologists, oncologists, transplant physicians, microbiologists, intensivists, immunologists, dermatologists, paediatricians, and all those with interests in medical mycology. At the end of the meeting we hope that every participant has learned something new, has been refreshed on something old and has had the opportunity to meet other colleagues within the field of medical mycology.

The venue for TIMM-6 is located in Copenhagen, Denmark. Copenhagen is a vibrant metropolis, the gateway to Scandinavia and amongst the safest and cleanest cities in the world. This beautiful city by the water offers both a wide variety of cultural experiences and stunning architecture within its compact city centre. You can reach Copenhagen Airport on non-stop flights from more than 130 destinations and from the airport it takes a mere 12 minutes to get to the city centre by train or metro – faster than in any other European capital.

Medieval townhouses in a variety of colours and atmospheric streetlamps reflecting in the cobble stones await your delegates in the old city centre. Denmark is the oldest monarchy in the world. Beautiful traces of Copenhagen's 1,000-year history are to be found everywhere. Through the years, however, Copenhagen has transformed itself into one of the world's leading design capitals. Award-winning contemporary architecture and stunning design appear all over the city.

The Copenhagen Night of Culture 2013 will on 11 October present a sensational programme for all tastes. Museums, libraries, educational establishments, theatres, musical venues, churches and many other institutions representing art and culture will keep their doors open during the evening from six o'clock to midnight or beyond. Many of Culture Night's 500 events are being arranged specially for this evening offering you an experience out of the ordinary. We expect TIMM-6 to be at least as successful as previous TIMM congresses, which brought together more than 1,000 international delegates from all over the world. We look forward to greeting you in Denmark and discuss new developments in medical mycology!

Maiken Cavling Arendrup, Cornelia Lass-Flörl, Ditte Marie Saunte and Paul Verweij

The programme at a glance

Friday 11 October 2013		Saturday 12 October 2013		Sunday 13 October 2013		Monday 14 October 2013	
9:45 - 11:45	ECMM council meeting	9:00 - 10:00	Plenary session 2 Top 10 papers	Plenary session 3 Clinical pharmacology in treatment of invasive mycoses	Plenary session 4 The present and future of diagnostic and antifungals		
		10:00 - 10:15	Coffee break	Coffee break	Coffee break		
		10:15 - 11:00	Meet-the-expert sessions M1 <i>Malassezia</i> infections M2 Mucormycosis M3 Susceptibility testing using commercial tests M4 MALDI-TOF M5 Definitions and response criteria	Meet-the-expert sessions M6 Solid organ transplant patients M7 Epidemiology of antifungal drug resistance M8 Fungal typing methods M9 Risk assessment of the ICU patient M10 Biomarkers	Meet-the-expert sessions M11 Tinea capitis M12 Update of non-culture methods for laboratory identification of fungal infections M13 Promises and pitfalls of diagnostic PCR M14 Risk assessment in the haemato-oncologic patient M15 Difficult cases in medical mycology		
9:00 - 11:45	Working group meetings	11:00 - 12:00	Poster session	Poster session	Plenary session 5 <i>Cryptococcus</i> and travel related mycoses		
12:00 - 13:15	Plenary Session 1 Global fungal threats	12:00 - 14:15	Lunch break	Lunch break	Closing		
		12:30 - 14:00	Integrated symposium 3 - Pfizer	Integrated symposium 5 - Astellas			
13:30 - 15:00	Workshops 1-4 W1 Dermatophyte infections - an update W2 Diagnosing pulmonary fungal infections W3 Focal & ENT fungal infections W4 Paediatric mycoses: Where are we today?	14:15 - 15:45	Workshops 5-7 and Free Communications 1 W5 PK/PD W6 Challenges in the management of IFI in the ICU W7 Mucocutaneous candidosis Free communications 1	Workshops 12-15 and Free Communications 3 W12 Molecular diagnosis W13 Guidelines or personalised medicine W14 Rare fungal pathogens - upcoming guidelines W15 Onychomycosis Free communications 3			
15:15 - 16:45	Sponsored diagnostic sessions	15:45 - 16:15	Coffee break	Coffee break			
		16:15 - 17:45	Workshops 8-11 and Free Communications 2 W8 Host fungus interaction W9 Cystic fibrosis W10 What's in a name? W11 Workshop Nordic Society of Medical Mycology - Candidaemias in Northern Europe - world's apart? Free communications 2	Workshops 16-19 and Free Communications 4 W16 Facing old and current issues in haemato-oncology W17 Resistance & susceptibility testing W18 <i>Pneumocystis</i> infection W19 From model to man Free communications 4			
17:00 - 18:30	Integrated symposium 2 - MSD						
18:45 - 19:15	Opening ceremony	18:15 - 19:45	Integrated symposium 4 - Gilead	Ben De Pauw Lecture (EORTC)			
19:15	E. Drouhet lecture (ECMM)			Congress dinner			

TIMM-6 Scientific Programme

Friday 11 October 2013

9:45 - 11:45 ECMM council meeting

12:00 - 13:15 Plenary Session 1: Global fungal threats

12:00 Global fungal burden

David Denning, UK

12:30 Emerging fungal threats to animal, plant and ecosystem health

Matthew Fischer, UK

12:45 Discussion

13:30 - 15:00 Workshops 1-4

Workshop 1 Dermatophyte infections - an update

13:30 Epidemiology (which species where and when)

Jan Faergemann, Sweden

13:50 Same fungus, new names?

Yvonne Gräser, Germany

14:10 Classical versus non-culture based diagnostics

Michael Arabatzis, Greece

14:30 Clinical management

Rod Hay, UK

14:50 Discussion

Workshop 2 Diagnosing pulmonary fungal infections

13:30 BAL procedures; need for standardisation?

Christian Geltner, Austria

13:50 BAL galactomannan interpretation

Johan Maertens, Belgium

14:10 Lung biopsies and how to improve diagnosis?

Cornelia Lass-Flörl, Austria

14:30 Imaging options

Claus-Peter Heussel, Germany

14:50 Discussion

Workshop 3 Focal & ENT fungal infections

13:30 Mycosis of the eye

t.b.a.

13:55 Otomycosis

Jagdish Chander, India

14:20 Sinusitis

Arunaloke Chakrabarti, India

14:45 Discussion

Workshop 4 Paediatric mycoses: Where are we today?

- 13:30 Changes in epidemiology
Theoklis Zaoutis, USA
- 13:55 Advances in diagnosis
Andreas Groll, Germany
- 14:20 Treatment and prophylaxis: which kids, drugs and dosages?
Thomas Lehrnbecher, Germany
- 14:45 Discussion
- 15:15 - 16:45 **Sponsored diagnostic sessions**
- 17:00 - 18:30 **Integrated symposium 2 – Sponsored by Merck Sharp & Dohme**
- 18:45 Opening ceremony
- 19:15 **E. Drouhet lecture (ECMM)**
- 19:45 Welcome reception

Saturday 12 October 2013

- 9:00 - 10:00 **Plenary session 2: Top 10 papers**
- 9:00 Diagnostics
Malcolm Richardson, UK
- 9:30 Clinical mycology
Bart-Jan Kullberg, The Netherlands
- 10:00 - 10:15 *Coffee break*

10:15 - 11:00 Meet-the-expert sessions

- M.1 *Malassezia* infections
George Gaitanis, Greece and Jan Faergemann, Sweden
- M.2 Mucormycosis
Anna Skiada, Greece and Emmanuel Roilides, Greece
- M.3 Susceptibility testing using commercial tests
Maiken Cavling Arendrup, Denmark and Michael Pfaller, USA
- M.4 MALDI-TOF
Brunella Posteraro, Italy and Teun Boekhout, The Netherlands
- M.5 Definitions and response criteria
Peter Donnelly, The Netherlands and Catherine Cordonnier, France

11:00 - 12:00 Coffee break and Poster session 1

12:00 - 14:15 Lunch break

12:30 - 14:00 Integrated symposium 3 - Sponsored by Pfizer

14:15 - 15:45 Workshops 5-7 and Free communications 1

Workshop 5 Pharmacokinetic / Pharmacodynamic

14:15 PKPD made simple!

David Andes, USA

14:35 PKPD: an ingredient in clinical breakpoint setting

William Hope, UK

14:55 Why is it important for the clinician?

Werner Heinz, Germany

15:15 Therapeutic Drug Monitoring (TDM)

Roger Brüggemann, The Netherlands

15:35 Discussion

Workshop 6 Challenges in the management of IFI in the ICU

14:15 Fungal epidemiology

Robert Krause, Austria

14:35 Prophylaxis, empirical, preemptive therapy?

Wouter Meersseman, Belgium

14:55 Getting the dose right

Kevin Garey, USA

15:15 Catheter management

Jesús Guinea Ortega, Spain

15:35 Discussion

Workshop 7 Mucocutaneous candidosis

14:15 Recurrent Vulvo Vaginal Candidiasis (RVVC) - update on epidemiology and treatment

Gilbert Donders, Belgium

14:40 Immunity and mucocutaneous candidosis

Peter Zipfel, Germany

15:05 Oral candidosis

Riina Richardson, UK

15:30 Discussion

Free communications 1 (selected abstracts)

15:45 - 16:15 Coffee break

16:15 - 17:45 Workshops 8-11 and Free communications 2

Workshop 8 Host fungus interaction

- 16:15 Host genetics and candida infections
Frank van de Veerdonk, The Netherlands
- 16:35 Host genetics and *aspergillus* infections
Pierre Bochud, Switzerland
- 16:55 Immune response
Luigina Romani, Italy
- 17:15 Pathogenesis
Jean-Paul Latgé, France
- 17:35 Discussion

Workshop 9 Cystic fibrosis

- 16:15 *Aspergillus* and resistance
Jacques Meis, The Netherlands
- 16:35 Weird moulds: pathogenic or innocent bystanders?
Jean-Paul Bouchara, France
- 16:55 Diagnostic of fungal colonisation/infection
Michaela Lackner, Austria
- 17:15 Management of fungal colonisation/infection
Frank-Michael Müller, Germany
- 17:35 Discussion

Workshop 10 What's in a name?

- 16:15 Epidemiology based on new taxonomy
Katrien Lagrou, Belgium
- 16:35 One fungus, one name
Rob Samson, The Netherlands
- 16:55 Implications for the medical laboratory
Rosemary Barnes, UK
- 17:15 Implications for the clinician
Olivier Lortholary, France
- 17:35 Discussion

Workshop 11 Workshop Nordic Society of Medical Mycology – Candidaemias in Northern Europe – world's apart?

- 16:15 Epidemiology of candidaemia in Northern Europe
Eira Poikonen, Finland
- 16:35 Antifungal use: Notable differences in prescription practises and association to epidemiology
Liv Hesstvedt, Norway
- 16:55 Use of antifungals in animals and agriculture - any impact on human infections?
Henrik Elvang Jensen, Denmark and Lise Nistrup Jørgensen, Denmark

- 17:15 Implications for current practises and recommendations?
Lena Klingspor, Sweden
- 17:35 Discussion

Free communications 2 (selected abstracts)

18:15 - 19:45 Integrated symposium 4 - Sponsored by Gilead

Sunday 13 October 2013

9:00 - 10:00 **Plenary Session 3: Clinical pharmacology in treatment of invasive mycoses**
Which antifungal for which site of infection?
Johan Mouton, The Netherlands
Personalised antifungal treatment
William Hope, UK

10:00 - 10:15 Coffee break

10:15 - 11:00 **Meet-the-expert sessions**

- M.6 Solid organ transplant patients
Martin Iversen, Denmark and José Aguado, Spain
- M.7 Epidemiology of antifungal drug resistance
Sevtap Arikian, Turkey and Alicia Gómez López, Spain
- M.8 Fungal typing methods
Corné Klaassen, The Netherlands and Anna Brillowska-Dąbrowska, Poland
- M.9 Risk assessment of the ICU patient
Sergio Ruiz-Santana, Spain and Luis Ostrosky-Zeichner, USA
- M.10 Biomarkers
Oscar Marchetti, Switzerland and Boualem Sendid, France

11:00 - 12:00 Coffee break and Poster session 2

12:00 - 14:15 Lunch break

12:30 - 14:00 Integrated symposium 5 - Sponsored by Astellas

14:15 - 15:45 **Workshops 12-15 and Free communications 3**

- Workshop 12 Molecular diagnosis**
- 14:15 Diagnostic PCRs
Manuel Cuenca-Estrella, Spain
- 14:35 EAPCRI, where do we stand?
Lewis White, UK

- 14:55 Direct detection of resistance: candins vs. azoles
David Perlin, USA
- 15:15 New generation sequencing, any use?
Stéphane Bretagne, France
- 15:35 Discussion

Workshop 13 Guidelines or personalised medicine

- 14:15 Overview of guidelines
Claudio Viscoli, Italy
- 14:40 Pro: I need guidelines
Murat Akova, Turkey
- 15:05 Con: one guideline doesn't fit all
Christopher Kibbler, UK
- 15:30 Discussion

Workshop 14 Rare fungal pathogens - upcoming guidelines

- 14:15 Zygomycetes
Oliver Cornely, Germany
- 14:35 Rare yeasts
Olivier Lortholary, France
- 14:55 Hyalohyphomycetes
Anna Maria Tortorano, Italy
- 15:15 Phaeohyphomycosis
Anuradha Showdhary, India
- 15:35 Discussion

Workshop 15 Onychomycosis

- 14:15 Epidemiology
Jochen Brasch, Germany
- 14:35 Antifungal treatment
Bardur Sigurgeirsson, Iceland
- 14:55 Antifungal resistance
Mahmoud Ghannoum, USA
- 15:15 The role of surgical intervention
Bertrand Richert, Belgium
- 15:35 Discussion

Free communications 3 (selected abstracts)

15:45 - 16:15 Coffee break

16:15 - 17:45 Workshops 16-19 and Free communications 4

Workshop 16 Facing old and current issues in Haemato-oncology

- 16:15 Management of breakthrough IFI
Georg Maschmeyer, Germany
- 16:35 What is the role of granulocyte transfusion and colony stimulating growth factors?
Livio Pagano, Italy
- 16:55 Lymphocyte defects and IFD in transplant setting
Andrew Ullmann, Germany
- 17:15 Invasive aspergillosis: How to improve clinical outcome
Oliver Cornely, Germany
- 17:35 Discussion

Workshop 17 Resistance & susceptibility testing

- 16:15 *Candida* & candins
Maiken Cavling Arendrup, Denmark
- 16:35 *Aspergillus* & azoles
Paul Verweij, The Netherlands
- 16:55 Fungal pesticides implications for human health
Lise Nistrup Jørgensen, Denmark
- 17:15 CSLI vs. EUCAST breakpoints
Shawn Lockhart, USA
- 17:35 Discussion

Workshop 18 *Pneumocystis* infection

- 16:15 Taxonomy and epidemiology
Olga Matos, Portugal
- 16:40 Clinical presentation and management
Silke Neumann, Germany
- 17:05 Diagnosis from conventional to molecular based techniques
Jannik Helweg-Larsen, Denmark
- 17:30 Discussion

Workshop 19 From model to man

- 16:15 In vitro models
Joseph Meletiadis, Greece
- 16:40 Non-vertebrate models
Dimitrios Kontoyiannis, USA
- 17:05 Animal models: from cage to bedside
Peter Warn, UK
- 17:30 Discussion

Free communications 4 (selected abstracts)

18:15 - 19:45 Ben De Pauw Lecture (EORTC)

Congress Dinner

Monday 14 October 2013

9:00 - 10:00 **Plenary session 4: The present and future of diagnostics and antifungals**

9:00 The landscape of antifungals: the present and future

John Rex, USA

9:30 The landscape of diagnostics: the present and future

Alex van Belkum, France

10:00 - 10:15 *Coffee break*

10:15 - 11:00 **Meet-the-expert sessions**

M.11 *Tinea capitis*

Gabriele Ginter-Hanselmayer, Austria and Ditte Marie Saunte, Denmark/USA

M.12 Update of non-culture methods for laboratory identification of fungal infections

Guillermo Quindós, Spain and Tom Rogers, Ireland

M.13 Promises and pitfalls of diagnostic PCR

Willem Melchers, The Netherlands and Stéphane Bretagne, France

M.14 Risk assessment in the haemato-oncologic patient

Martin Hönigl, Austria and Markus Ruhnke, Germany

M.15 Difficult cases in medical mycology

Patricia Muñoz, Spain and Matteo Bassetti, Italy

11:00 - 12:00 **Plenary session 5: *Cryptococcus* and travel related mycoses**

11:00 *Cryptococcus* infections

Tom Harrison, UK

11:30 Travel related mycosis for the European na(t)ives

Peter Pappas, USA

12:00 Closing

Call for abstracts

The TIMM Scientific Committee would like to encourage authors to submit their abstracts through the congress website, which hosts an electronic abstract submission form. The congress website can be consulted at www.TIMM2013.org.

Submission deadline: 1 June 2013

Late breaker abstracts

Late breaker abstracts will only be considered if there is new information on the epidemiology, diagnosis or management of fungal infections that should be brought to the attention of conference because it is timely and will likely have an impact on the conference topics and the mycology community at large. Late breaking abstracts can be sent until 1 August to info@congresscare.com

ECMM Young Investigators Travel Awards

The ECMM Young Investigators Travel Award facilitates young, non-established investigators in medical mycology to make educational or practical study visits to medical mycology oriented departments or institutions in other European countries. As a rule, the Awardee will be selected from among those presenting a poster in the TIMM Congress. An outstanding oral presentation may also be considered. The ECMM will present 4 Travel Awards.

The presentations are selected by a Prize Committee on the basis of the scientific quality, including novelty, reliability and significance, of the Awardee's presentation. The sum per Award is presently EUR 1000, to support the travel and living costs of one week. The institute visited is freely selected by the Awardee.

Eligibility: The Award is intended for young (not older than 35 years) persons who are citizens of European countries or work in Europe. The Awardee should not hold an established (other than grant funded) post in medical mycology. It is also wished that the Awardee is a member of a society for mycology or at least aims to apply for membership. Eligible first or presenting authors are preferred, but an outstanding team may be selected if it can direct the Award to junior co-authors who are eligible. These individuals and teams wishing to be considered as candidates of the Award in the 6th TIMM congress in Copenhagen 2013, are kindly asked to fill out the form which they can find on the congress website and submit it to the Congress secretariat at first convenience.

Social Programme

For registered participants:

Friday 11 October 2013 19:45 hrs.

Welcome reception at the Tivoli Congress Center.

Sunday 13 October 2013

Congress dinner and festive evening. Your evening will start with a boat trip from the Congress Centre to trendy Toldboden Restaurant. Toldboden is located in the old harbour and close to the city centre. This exclusively designed restaurant offers a tasty selection of good old-fashioned homemade cooking using seasonal products mixed with Scandinavian New Nordic Cuisine.

After you have enjoyed your tasteful dinner you may either stay, enjoy the live music and some dancing or take a shuttle bus back to one of the congress hotels.

Registration fee: 125 EUR per delegate

Please note: you have to register and pay in advance for the congress dinner. Additional dinner tickets maybe purchased at 125 EURO per ticket
Day tours can be booked via International Conference Services on-site.

Registration

Registration fee	Before 15 April 2013	Untill 9 Sept 2013	After 9 Sept 2013 and on-site
ECMM/EORTC- members	EUR 525	EUR 775	EUR 1075
Non-members	EUR 750	EUR 1045	EUR 1275
Physicians/scientists in training*	EUR 425	EUR 525	EUR 600
Day registration	EUR 400	EUR 525	EUR 575
Emerging Economy Rate**	EUR 250	EUR 250	EUR 300

* Physicians/scientists in training have to provide a written certification by the head of department.

** Emerging Economy Rate is applied to individuals (no group registrations) from low-income and lower-middle-income economies according to the World Bank listing available at the website of the World Bank. See www.timm2013.org for more information.

What is included in the registration fee?

The registration fee for delegates includes:

Admission to the meeting, welcome reception, program and abstract book, certificate of attendance, 2 lunches and all coffee breaks.

Congress dinner Sunday

Dinner tickets (125 EUR): please make your reservation when you register online.

How to register and pay

Please register online, online payment possible (Mastercard, Visa).

Group registrations

For group registrations; please contact the congress secretariat via: info@congresscare.com, before starting your group registration.

Cancellation

Cancellations and refund requests must be submitted in writing to the congress secretariat. Cancellations made before 1 July 2013 will be refunded less 30% to cover administration costs. After this date no refunds will be given. All refunds will be made after the congress.

Hotel Accommodation

The hotel booking service agency International Conference Services A/S is officially appointed by the organisation. On the website www.TIMM2013.org you can easily select and book your hotel.

Please contact the housing agency directly for group hotel booking requests.

International Conference Services A/S

P.O. Box 41, Strandvejen 169-171

DK-2900 Hellerup, Denmark

Preferred Carrier

SAS Airlines offers conference discounts to the delegates, guest speakers, exhibitors, etc. travelling to and from TIMM/Copenhagen. Please visit www.timm2013.org for relevant info (booking tool, discountcode).

Scandinavian Airlines

General Information

CME accreditation

Accreditation is applied for at the European Accreditation Council for Continuing Medical Education (EACCME). This accreditation will be endorsed by the European Union of Medical Specialists (UEMS) ensuring that the CME credits awarded to the participants are recognized by the national medical authorities who have agreed to co-operate in this European system. EACCME credits are recognized by the American Medical Association towards the Physician's Recognition Award (PRA).

Location

TIMM-6 will be held in the modern Tivoli Hotel & Congress Center. Copenhagen's new Tivoli Congress Centre is located in the heart of the city - just around the corner of the Central Station, and within walking distance of the hotels, shops and attractions. From Copenhagen Airport, you can conveniently board the train for Copenhagen Central Station.

Climate

In October the climate in Copenhagen is mild. The average temperature is 15°C. As night-time temperatures can fall below 6°C, an extra layer of clothing is recommended.

Timing

The congress will start on Friday 11 October 2013 with registration, symposia, keynote lectures, sponsored symposia, opening ceremony and welcome reception. The congress will end on Monday 14 October 2013 at noon.

Letter of invitation

The organizers will be pleased to send a letter of invitation to any individual requesting one, once their registration form and fee have been received. It is to be understood that such an invitation is intended to help potential participants raise travel funds or obtain a visa. It is not a commitment on the part of the congress to provide any financial support. Applications have to be received by the conference secretariat before 2 September 2013. Visa refusal is no reason for refund.

Exhibition and sponsored symposia

During the conference an industrial exhibition will be arranged. A targeted group of biotechnic, diagnostic and pharmaceutical companies will be invited to organize a sponsored symposium and exhibit their products and services.

Insurance

In registering for the 6th Trends in Medical Mycology delegates agree that neither the organisation nor the congress agency Congress Care is responsible for individual medical, travel or personal insurance. Delegates are requested to arrange their own travel and health insurance. The organizers cannot assume liability for changes in the program due to external circumstances.
